- (1) MG001 - Mobile Grip Universal Smartphone Holder

*If the sticky suction base becomes dirty or loses stickiness, rinse under warm water and let air dry

1 Attach the Holder

Attach the Mobile Grip Holder to the sticky mount by pushing the ball end of the mount into the cavity on the back of the holder.

2 Place the Mount

Clean the mount area with the included alcohol wipe to remove dust and dirt, and let dry. Remove the protective film from the base of the sticky mount. With the suction lever up, firmly place the sticky mount onto the mount area and flip the lever down to secure the mount.

3 Mount Your Device

Insert your device firmly into the Mobile Grip holder and slide the spring arm open in one motion until both grip arms wrap around the device. Position the phone in the holder to avoid any buttons or ports.

Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment.
